Real Employment Changes Lives

Delivering PSA 16 Employment

About the conference

Real employment changes lives. Employment can give access to an enhanced standard of living, new skills and real community participation. All too often services have responded to the desire for work by offering unfocused training programmes, work 'experience' and frustration. There is a different way...

Whether local authorities have identified PSA 16 Employment as a key performance indicator or not, delivering employment support for people with learning disabilities or mental health problems is a critical part of local commissioning, development and delivery strategies.

Delivering effective employment supports requires us to seek out and learn from success across traditional 'client' groups, providers and policy initiatives. Uniquely this event draws together best practice from the learning disability and mental health sectors.

Key themes

- Delivering real employment opportunities
- Strategies and practical steps to allow statutory organisations to meet their obligations
- Planning and commissioning for effective employment services

Who should attend?

The event will be of interest to people using, commissioning, leading and providing employment supports.

About NDTi

The NDTi is an exciting new initiative that draws together the established work of the National Development Team and the Older People's Programme making us better equipped than ever to work the social inclusion of all excluded people in society in a genuinely cross 'client group' way. For further information please visit us at www.ndti.org.uk
